

# FILLIFT

THE FACE SCULPTING LINE THAT  
REPOSITIONS. FILLS. SMOOTHS.

**FILLIFT: Cellular bio-revitalisation and dynamic lifting.** The anti-ageing treatment inspired by aesthetic medicine to remodel the face oval and facial volume and to fight deep wrinkles and fine lines. Enhanced with Collalift®18, skin-sheathing protector of collagen.

The innovative global anti-ageing action of the FILLIFT line is based on the synergistic use of cutting-edge active ingredients that are inspired by the new combined techniques used in aesthetic medicine:

## ACTIVE INGREDIENTS

### REPOSITIONS

**Collalift®18:** inspired by dynamic lifting techniques, it combats sagging skin and other signs of gravity and promotes the repositioning of volumes.

### FILLS

**Dermaplex peptides:** inspired by medical-cosmetic filler, it stimulates the production of new collagen and reduces the appearance and depth of wrinkles.

### SMOOTHS

**Amplified BTX hexapeptide-1:** inspired by injections of botulinum toxin, it smooths out expression lines and leaves the skin smoother.

### 51+3 Hyalu Complex:

with a multi-active biorevitalizing action. It reintegrates the optimum level of vital elements essential for cellular communication and fights skin imperfections at the highest levels. For intensely regenerated and rebalanced skin.

## PF05251 24-HOUR REMODELLING LIFTING CREAM - 50 ml jar

**CHARACTERISTICS:** Smoothing treatment with “supporting” effect. Infused with Collalift®18 and Amplified BTX hexapeptide-1, it activates a dynamic cosmetic lift with a 4D reshaping effect:

1. redefines facial contours; 2. restores the volumes of cheeks and other empty facial areas; 3. reduces the appearance of fine lines and deep wrinkles; 4. smooths out expression lines.

With its enveloping and velvety texture, day by day, it delivers a youthful, lifted and harmonious look.

**ACTIVE INGREDIENTS:** 51 + 3 HYALU COMPLEX™, Collalift®18, Amplified BTX hexapeptide-1, Dermaplex peptides, GABA (Gamma-Amino Butyric Acid), shea butter, avocado oil, vegetable squalane.

## PF05261 SMOOTHING EYE AND LIP CONTOUR CREAM - 15 ml jar

**CHARACTERISTICS:** complete multi-active eye and lip contour filling treatment. The combined action of Collalift®18 and Dermaplex peptides strengthens the collagen in all the layers of the skin and provides new mechanical support to dermal tissues, reducing the appearance of droopy eyelids, crow's feet, expression lines and vertical lip lines. Its targeted anti-dark circle and anti-puffiness active ingredients soothe your skin and diminish the look of dark areas, granting fresher and brighter-looking eyes. Day after day, the lip contour appears more defined and smooth. Fragrance-free.

**ACTIVE INGREDIENTS:** 51 + 3 HYALU COMPLEX™, Collalift®18, Amplified BTX hexapeptide-1, Dermaplex peptides, GABA (Gamma-Amino Butyric Acid), pilosella and daisy extract (targeting blue-toned dark circles and melanin buildup), batyl alcohol (soothing).

## PF05241 HYALU&COLLAGEN FILLER LIFTING AND FILLING CONCENTRATE

box with 3 ampoules x 3.5 ml

**CHARACTERISTICS:** Ultra-lifting cosmetic treatment inspired by the combined techniques of filler-botulinum injections. A concentrate of pure anti-ageing active ingredients with complementary action:

1. PLUMP & FILL, thanks to 5 different types of hyaluronic acid with plumping properties. It also acts on deeper wrinkles such as the nasolabial wrinkles;

2. REPOSITIONING, thanks to the synergy of Collalift®18 and Dermaplex peptides, which stimulate the production of structural collagen in the different layers of the skin and harmonise the facial volume and contours;

3. BTX-LIKE, thanks to Amplified BTX hexapeptide-1, extremely effective against expression wrinkles. Its thick and plumping texture instantly creates a thin modelling film, which shapes the facial contours by acting like a containing sheath. Firmer and smoother skin. Well-balanced facial contours. Well-defined volume. Visibly smoother expression lines. The firmness booster with plumping effect, ideal as an intensive treatment for face, neck, décolleté and hands.

**ACTIVE INGREDIENTS:** 5D hyaluronic acid (with five molecular weights: cross-linked, high and low molecular weight, mini hyaluronic acid and glycans), PolyGlutamic acid, Collalift®18, Amplified BTX hexapeptide-1, Dermaplex peptides, GABA (Gamma-Amino Butyric Acid).

## PF05221 SUPERMASK PLUMPING LIFTING MASK - single use mask

**Shock treatment with Collalift®18**

**CHARACTERISTICS:** this thick and compact firming mask, featuring the Cream Coating innovative technology, comes on a flexible support film that wraps perfectly around the skin and boosts the penetration of its plumping active ingredients, enhancing their effects. The Collalift®18 stimulates the production of the structural components of the skin matrix and strengthens the anchoring structures between skin layers, shaping and giving new definition to facial contours. Its ultra-rich formula is enhanced by btx-like active ingredients with a smoothing effect on mimic and expression wrinkles. Your skin will look firmer, thicker and more toned within minutes, delivering lightness to your features as well as smoother and less visible wrinkles, even the deepest ones.

**ACTIVE INGREDIENTS:** Collalift®18, Amplified BTX hexapeptide-1, shea butter, avocado oil.

## PA0452 KO-KOBIDO MASSAGE

**Japanese Massage Tool**

**CHARACTERISTICS:** a multipurpose beauty device designed to improve microcirculation, tone, stimulate, lift and shape skin tissues. It mimics the massage techniques performed by beauty professionals, making it easy to do it at home. Suitable for all skin types, perfect to prevent or reduce the appearance of signs of ageing and to reshape facial contours.
